Author Bio

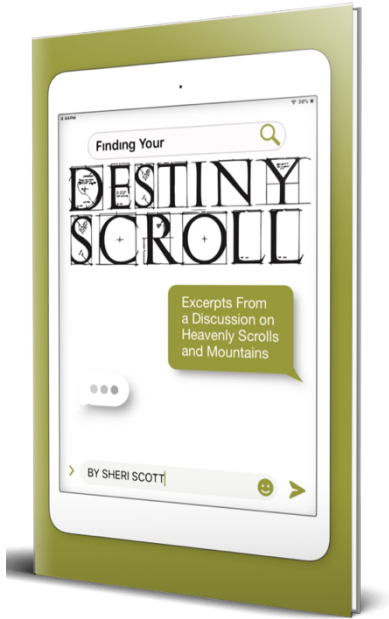

Sheri Scott is an author and entrepreneur living in Calgary, Alberta, Canada. As a design thinker and ideator, she has been strategizing, creating, innovating and redesigning all her life. When it comes to her Christian spiritual growth, she has always been pursuing the bigger picture of our Father's plan of creation. Having to confront the ever-growing dissatisfaction of trying to function within a religious system, she sought the Lord for more.

As a result of this desperate cry for more, she began experiencing encounters in heavenly realms with Jesus. New understanding began to emerge regarding our Father's plan and our individual part in it. This is how the Destiny Scroll Series was created. It was written online in communication with others in Facebook groups and Messenger chat groups, and then formatted into a book series.

BOOK 1

Finding Your Destiny Scroll: Excerpts From a Discussion on Heavenly Scrolls and Mountains

Have you wondered how to find your destiny scroll?

In this book, you will find first hand experiences and answers to commonly asked questions about finding and living from your destiny scroll in heaven. There are examples of finding and accessing your scroll, as well as interpreting what it contains. This book contains one side of a Messenger discussion group that had 70-100 participants in a chronological conversation. There were many answers to similar questions as new people joined the discussion and this became a helpful compilation of shared experiences. This introductory book about destiny scrolls seems to have written itself based on the questions asked within the discussion group.

As your destiny also pertains to mountains of responsibility, understanding mandates, and blueprints, this is included throughout the book as well. I wish you great adventure as you pursue the one who is worthy to open your scroll.

Topics and concepts included throughout the book are:

Engaging Your Destiny Scroll

Engaging Blueprints

Mandates

Courts and Government of Heaven

Judging Your Own House

Entering His Rest

Learning to Govern

Maturing into Sonship

Mountains of Responsibility

Thrones and Gates

BOOK 2

Finding My Destiny Scroll: A Guidebook to Accessing Destiny

This is a step-by-step guide to walk you through accessing heavenly realms and finding your destiny scroll. This guidebook provides a simple, progressive set of activations. There are three parts to each activation; an explanation, an encounter experience and a written record. The explanations will provide a scriptural basis and help frame each activation. The encounters themselves will be as unique and individual as you are. The written record of your encounter will help anchor the pathway that was created and help solidify your understanding. Activations are: Your garden gate, going to His house, finding your high priest and scroll, seeing where you are at right now, purifying your desires, taking the throne on your mountain and aligning to rule.

BOOK 3

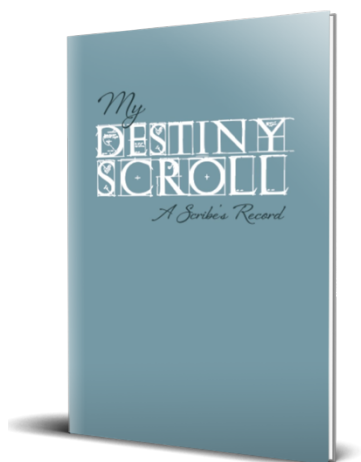

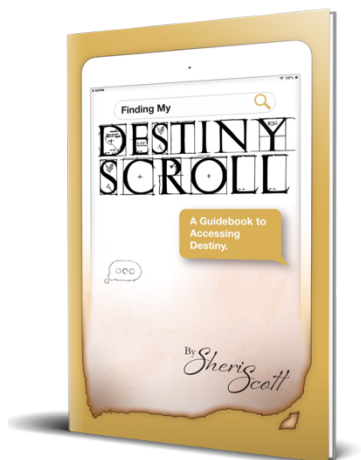

My Destiny Scroll: A Scribe's Record

This blank lined journal is part of the Destiny Scroll Series to accompany you on your journey with your destiny scroll. Throughout the pages are destiny related scriptures to engage with, illustrations to ponder and alcohol-ink paintings to inspire you. I wish you great joy and engagement with the Spirit of Might to fulfill your destiny.

BOOK 4

Judge My House: Destiny of a Bloodline

There are many ideas around what judgement is and especially the judgement of our Father. In this book, I hope to bring an understanding of judgement as a provision for those in the family of God. I have found it to be a safe place, a way of escape, a feast in the presence of my enemies and the process of being set apart. My house includes my entire bloodline, including my future descendants. Some learning has been from personal experience in court in heaven and some has been gleaned from spending time online within the heavenly realms community.

Book 2 Excerpt

Chapter 3: Where is My Scroll of Destiny?

Our destiny is written on the scroll of our heart and being. I realize this may be a somewhat simplistic view, yet it is a great starting point. As we grow in our ability to interpret and understand spiritual things, we will experience an ebb and flow of complexity and simplicity. It is best not to assume the way you see things now is the 'right' way or the 'only' way. It has been my experience that people have a wide variety of experiences that have similar results and increasing depth of revelation.

My advice is not to pitch a tent and camp out at any point in this unfolding journey. You will spend time understanding something you have been shown only to have the next bit of revelation expand what you previously thought. As we keep moving forward, we realize what seemed like a huge revelation is really a tiny bit of a much larger whole. To some this can seem overwhelming and to some exciting. I recommend that if you feel overwhelmed, you stay focused on what you are being shown currently rather than focusing on what you don't know yet. Soon we realize how little we know and we need to get comfortable with that position, it is humility and it can be awkward at first. So, onto books and scrolls and a scroll room. Likely you have heard of these from others and honestly your experience may be unique only to you. I happen to have a large book, lying open on a table in a huge library. Outside of the library is a stone portico with tables that look like glass. Some people see large scrolls, some see holograms in varying locations such as a scroll room. Let your experience unfold the way that it will.

I have had a hologram come out of my belly as a desire of my heart that is part of my scroll. I seem to have a harder time reading a hologram than reading a book, yet sometimes the information is absorbed or simply understood. The objective is to establish a way for you and Jesus to interact with your destiny and purpose. It is the beginning of a relationship with your destiny. You will find that you have been walking in a measure of your destiny and drawn by the desires in your heart already. We will get into purifying desires in chapter 5.

For now, you are looking to see your scroll and identify the path you took to get there. Then you can establish how you will interact with Jesus and your destiny on a day to day basis. This will remove some of the mystery if it had been a hindrance to you.

It seems we desire guidance as our futures have been clouded. This is why many seek to receive a prophetic word regarding their lives, and why psychics and mediums have thriving businesses. We are hard wired to accomplish something even if we don't know what. Often, we are fulfilling what we are supposed to be doing yet are uncertain of how to handle challenges when they present themselves in our circumstances.
